Offshore Wind Farm Supply Service

What we offer

delivery service from Hull and Grimsby to and from the Yorkshire and Lincolnshire offshore windfarms.

Who we offer to

offshore wind farm operators, energy companies, vessel owners and support contactors.

- Departing daily 07:00 hrs (approx.) from our own terminal based in Green Port Hull (adjacent to the Siemens Factory) calling at Grimsby then onto the offshore wind farms returning at 18:00 hrs (approx.).
- Personnel such as technicians & vessel crews can park their vehicles, wait in our departure lounge and be transported safely to and from site.
- Containers, palletised equipment, stores, fresh water and fuel can be delivered or returned.
- We can accept, store and load all items with our own warehouse, fork lifts and crane.
- We offer the full service, one point of contact only.

For tariff rates and further information, please contact **Rob Langton** or **Bob Wride**
